FOR IMMEDIATE RELEASE

**JAC Recruitment expands global presence with new operation in Korea**

Seoul – 31st August 2011

The continued success of leading Asian recruitment consultancy, JAC Recruitment, has seen the organisation extend its operations to Korea, with the launch of an office in Seoul. Opening on the 1st September, the new location will serve JAC Recruitment's growing Korean client base and provide further professional recruitment solutions to support the growth of the market in the country.

The Korean business will be led by the country Managing Director, Yuichiro Tsuchiyama, who brings with him extensive experience from JAC Recruitment's Singapore office. With the capacity to provide total recruitment solutions, Mr Tsuchiyama will be supported by an expert team of seven consultants who will provide both clients and candidates with specialist knowledge of the Korean and international market.

Since the establishment of its first office in London in 1975, the Group has expanded throughout the Asia region and currently has operations in Singapore, Japan, China, Malaysia, Thailand, Indonesia and the UK. Korea becomes the eighth country in which the Group operates.

The commencement of the operation in Seoul will be closely followed by the opening of a further office in Hong Kong during September 2011.

In line with the strategy followed by the current Group businesses, JAC Recruitment Korea will concentrate on positions ranging from middle managers with specific industry specialisation to senior executives, providing talented Korean candidates to the many Japanese & other foreign-capital invested companies in Korea.

“Additionally, the strength of the JAC network will also give suitable candidates the ability to compete for positions overseas”, said Mr Tsuchiyama, “the Group's relationship with the country dates back to 2010, following the signing of a memorandum of understanding between the Human Resources Development Service of Korea and JAC Recruitment Singapore. This was in recognition the company's track record in placing many Korean candidates with overseas employers in both Singapore and Malaysia. The new office in Korea will now bolster these existing business partnerships.”

Hiromi Tazaki, the CEO of the JAC Recruitment Group commented, “The Korean recruitment market is going to be an exciting opportunity for JAC, our initial target is to achieve sales of ₩600 Million in our first year of operation and then, by utilising the Group's strong principle of exceptional service to both employers and candidates, to ultimately become the leading professional recruitment consultancy within the country.”

**ABOUT JAC RECRUITMENT GROUP:**
